

Thunder Hole

Smoke-Out 2025

October 17-19, 2025

The Thunder Hole Long Range group is hosting our 2nd annual ***Smoke-Out*** match on October 17-19, 2025. The match will consist of 80 rounds of ammunition over two days of shooting stuff “way out there” to 600 yards. Everything is included in the match for a single fee of \$60.00. You may shoot either day alone for \$30.

GENERAL GUIDELINES

- Either black powder or smokeless powder is allowed, lead bullets only.
- Polymer coated bullets and gas checks are OK.
- Any period correct sight is allowed, including Malcolm type telescopic sights.
- There will be separate categories for men, women, non-telescopic sights, and telescopic sights.
- All shooting from the prone position, or sitting with cross-sticks. A stool is OK for the sitting position.
- Black powder and smokeless will be in the same category.
- If you want to handicap yourself with that new, fad smokeless powder, that’s your choice!

LONG RANGE MATCH RULES

Single Shot Rifles

- Period correct cartridges
- Smokeless, black powder and duplex loads are allowed.
- Soule sights or period telescopic sights may be used
- All shooting from either prone, or sitting with cross-sticks. A stool may be used with cross-sticks
- The number of squads will depend on total number of shooters. There will be at least 2 relays per squad
- Each squad will shoot at a single designated target. Once everyone in the squad has completed shooting at the target, the entire squad will then engage the next target in the sequence
- This continues until all 5 targets for that day have been engaged.
- Targets will be repainted before each new squad engages them.
- As an example –
 - If we have 3 squads, squad 1 will start on the 200 yard target, squad 2 on the 400 yard target and squad 3 on the 600 yard target.
 - After all squads complete shooting the first target, everyone will advance one target in the sequence – squad 1 to the 300 yard target, squad 2 to the 500 yard target and squad 3 to the 200 yard target.
 - Rinse and repeat until everyone shoots all 5 targets.
- Day 1
 - Targets will consist of square gong targets at distances of 200, 300, 400, 500 and 600 yards.
 - All targets are approximately 8 MOA in size.
 - 8 rounds will be fired at each target
- Day 2
 - Targets will consist of an NRA regulation chicken silhouette at 200 yards, pig at 300 yards, turkey at 400 yards, warthog at 485 yards and ram at 500 yards
 - 8 rounds will be fired at each target

Rifle Caliber Lever Rifles

- Same basic rules as single shot rifles
- Non-telescopic sights only
- The course of fire will consist of 100 yard gong, 150 yard pig silhouette, 200 yard gong, 250 yard turkey silhouette and 300 yard gong
- 5 rounds will be fired at each target

Pistol Caliber Lever Rifles

- Pistol caliber will be fired off-hand
- Non-telescopic sights only
- The course of fire will consist of targets at 50, 75, 100, 125 and 150 yards
- 5 rounds will be fired at each target

Rimfire Side Match

- 22LR only
- Any 22LR rifle is allowed.

- Open sights or scoped (modern scopes OK)
- No suppressors
- Appropriately sized silhouette targets at 50, 100, 150 and 200 yards.
- Targets for the scoped class will be approximately ½ the size of the targets for open sighted rifles
- Categories for men, women, scoped and open sights.

400-yard Offhand Side Match

- Everyone shooting the match puts \$10 in the pot
- Every shooter gets 5 shots to attempt to hit the 400 yard gong target
- Those who hit the target in the first 5 attempts go into a sudden death shoot-out
- Each remaining shooter fires one round at the target, in sequence
- Last man standing wins and gets the pot!
